Restricted technical equipment, professional competence of a natural persons and legal entities in the area of restricted technical equipment

Project and design documentation of technical equipment and technologies

Machinery and their parts

Packaging for the transport of dangerous goods (ADR/RID)

▪ **Conformity assessment**

As authorized / notified person no. 2930 on the basis of the Decision of authorization no. UNMS / 03446 / 2021-801-017352 / 2021 issued by the Slovak Office of Standards, Metrology and Testing according to law no. 6/2018 Coll.

For transportable pressure equipment (directive 2010/35/EU)

For NDT personnel (directive 2014/68/EU)

▪ **Activities in the field of transport of dangerous goods**

As an authorized organization on the basis of authorization no. PO / ADR / 01/2022 issued by the Ministry of transport and construction of the Slovak Republic.

Services of TÜV Thüringen Group:

- **Certification of Quality Management System**
EN ISO 9001, ISO 14001, ISO 45001, ISO 27001 etc.
- **Certification of Quality Assurance System for welding of metallic materials**
EN ISO 3834
- **Certification of in-house production control for execution of steel and aluminium structures**
EN 1090
- **Certification of manufacturers of railway vehicles and their components**
EN 15085 / DIN 27201-6
- **Certification of pressure equipment manufacturers**
AD2000 Merkblatt HP0 / W0 / EN 13445 / EN 13480 / EN 12952
- **Certification / Approval of welding procedures**
EN ISO 15614 / EN 14555 / EN ISO 17660
- **Certification of personnel in welding and brazing**
EN ISO 9606 / EN ISO 14732 / EN ISO 13585 / EN 14555
- **Conformity assessment**
Notified body 0090
